

April 4, 2005

Ms. Suzanna Spears
Director of Academic Affairs
Colorado Community College System
9101 Lowry Boulevard
Denver, Colorado 80230-6011

Dear Ms. Spears:

This letter is to confirm Jones International University's agreement to provide the students, faculty and employees of The Colorado Community College System, Aims Community College and Colorado Mountain College (collectively, "Colorado Community Colleges" or "CCC") with a ten percent (10%) discount off JIU's standard tuition rates for the JIU Courses effective as of the date of this letter. Such discount may not be combined with any other discount or promotional offers, shall apply only with respect to JIU's standard tuition rates, and specifically shall not apply to JIU's fees, books and materials, or other charges. "JIU Courses" as used herein shall mean the courses, certificates and degree programs set forth on JIU's website: www.jonesinternational.edu. At JIU's sole discretion, JIU may terminate the tuition discount set forth herein at any time upon written notice to Colorado Community Colleges.

If you have any questions, please feel free to contact me.

Sincerely,

David E. Leasure, Ph.D.
Vice President for Academic Affairs

ARTICULATION AND TRANSFER AGREEMENT

dated as of April 11, 2005

between

**The Colorado Community College System
Aims Community College
Colorado Mountain College**

and

Jones International University

The Colorado Community College System, Aims Community College and Colorado Mountain College (sometimes collectively, "Colorado Community Colleges" or "CCC") and Jones International University (sometimes "JIU") agree to the following policies and conditions governing the transfer of credit earned in the associate degree programs at Colorado Community Colleges into a baccalaureate program offered at Jones International University. For purposes of this transfer agreement, an associate degree is defined as a two-year degree program of 60 credit, divided between the core curriculum and electives.

The principles, policies and guidelines in this transfer agreement shall apply uniformly to all students attempting to transfer credit earned at Colorado Community Colleges into Jones International University. This transfer agreement shall be published by each participating university or college, including publication to current and future students. All transfers of credit from associate degrees to JIU will be determined in accordance with the transfer agreement.

Section I: ADMISSIONS CRITERIA AND PROCEDURES

- A. The admission standards of Jones International University, including the grade point average required for admission.**

Students seeking admission to Jones International University must meet Jones International University's admission standards and must have a minimum 2.0 cumulative grade point average (GPA) for all college work attempted. All course work submitted for evaluation must be presented in an official transcript.

B. Treatment of associate degrees as admission criteria.

Community college students who have completed an associate degree, who have been awarded such a degree by a participating CCC, and who have maintained a minimum 2.0 cumulative GPA and a 2.0 GPA in all transferable courses shall be fully considered for admission into the baccalaureate programs offered by Jones International University. If a student is offered admission, the student will enter with junior standing.

Students who have not earned an associate degree will be evaluated on a course-by-course basis.

C. Application procedures and deadlines.

The office of admissions at Jones International University has established application procedures and deadlines. A student should contact the office of admissions for details or consult the Jones International University catalog which is available online at www.jonesinternational.edu.

Section II: TRANSFER OF CREDIT

A. Policies for accepting grades in transfer.

The letter grades on courses from the transferring institution that are accepted for transfer into a baccalaureate program will be treated in accordance with Jones International University's grade policies.

B. Treatment of advanced placement and national standardized test scores (i.e. DANTES, ECE, APP, CLEP) and other non-traditional methods of awarding credit.

1. Courses that are developmental or remedial are not transferable toward a four-year degree.
2. Students who have earned scores on Advanced Placement (AP) or International Baccalaureate (IB) tests offered in high school may be awarded college credit. College credit granted by a CCC institution will be recorded on a student's transcript in accordance with the participating Colorado community college grade policy, but in all cases will count toward graduation at Jones International University.
3. Students may earn college/university credit by examination in the College Level Examination Program (CLEP) in general education subject areas in which they have demonstrated college-level proficiency and by other non-traditional means. CLEP credit which is already transcribed by a Colorado

community college is transferable, provided that the other transferability requirements are met.

C. Maximum number of hours accepted in transfer.

Jones International University will accept sixty (60) credit hours toward a student's graduation requirements. Credits in excess of 60, up to a maximum of 90 credit hours, may be accepted for transfer and will be evaluated on an individual course basis. Colorado community college graduates will be required to complete the difference between their transfer credit and 120 hours at Jones International University in order to complete their baccalaureate degree.

D. Residency and upper division course credit requirements.

In order to meet graduation requirements for an undergraduate degree, students must complete at least 30 of the required upper division credits (course number 300 or above) at Jones International University.

E. Treatment of the AA and AS degree in awarding credit.

Students who have earned an associate degree from a Colorado Community College will be credited with the total number of credit hours for all courses that were completed, provided that the total number of credits does not exceed Jones International University's maximum number of hours accepted in transfer.

F. Maximum age of credit.

Jones International University will accept all credits earned within ten years of transfer. If a student earned credit hours that are required for graduation within ten years of transferring into an undergraduate degree program at Jones International University, these credit hours will apply to the completion of the student's graduation requirements. Courses earned in excess of ten years prior to such transfer will be evaluated on an individual basis.

G. Treatment of Colorado Community College core curriculum.

Colorado Community College students who completed the Colorado Community College core curriculum are considered to have satisfied Jones International University's lower division general education requirements. This condition applies to all Colorado Community College transfer students regardless of whether they completed a degree.

H. Accreditation requirements for transfer of credit.

The transfer credit described in this transfer agreement is conditioned upon the requirement that the transferring Colorado Community College maintains current accreditation by the North Central Association of Colleges and Schools.

Section III: DEGREE/PROGRAM REQUIREMENTS

Catalog that governs the transfer student's experience and expiration dates.

Students transferring into a baccalaureate program may follow the graduation requirements in effect at Jones International University specified in its catalog during the academic year the student is officially matriculated into the Colorado Community College (the original catalog), provided that:

1. the student maintains continuous registration at the Colorado Community College;
2. the student matriculates at Jones International University within one (1) year from the last registration date at a CCC.

If the student does not meet all the conditions listed above, the student shall follow the current catalog policy of Jones International University in effect on the date of first registration.

Jones International University maintains a current, relevant curriculum. As a result, courses described in an older catalog may become unavailable. Jones International University will make substitutions for such courses, but will not increase the amount of total credits specified in the original catalog, nor require a student to retake credits already completed under this agreement.

In the event that a degree program is discontinued, Jones International University will accept 60 credits into a new program under the same conditions. **In April of each year during the term of this agreement, Jones International University shall provide curriculum changes to each participating Colorado Community College.**

Section IV: APPEALS PROCESS

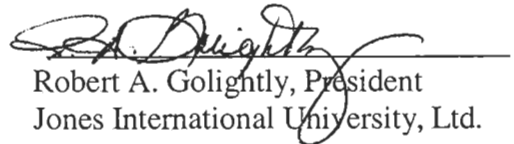

A student has the opportunity to appeal transfer problems through the published Jones International University appeals process. The college catalog of Jones International University describes the full appeals process.

This transfer agreement will remain in force until one party to this agreement notifies the other party in writing of its desire to terminate the agreement, in which case this transfer agreement shall be terminated with respect to such party and of no further force and effect thirty (30) days after receipt of such notice.

IN WITNESS WHEREOF, the parties have executed this transfer agreement as of the date first above written through each of their duly authorized representatives, including for each of the CCC institutions first mentioned above, the party identified below:

Suzanna Spears, Director of Academic Affairs
Community Colleges of Colorado, including
Aims College and Colorado Mountain College

Robert A. Golightly, President
