Features, Benefits, and Transfer Policy

University of Phoenix will evaluate Colorado Community College System lower-division and general-education courses for transferability into a University of Phoenix degree program. Although credits will be accepted in transfer, additional general education credits may be needed to fulfill the degree program requirements. A minimum grade of C- or better is required for the University of Phoenix Undergraduate programs and a minimum grade of "C" (2.0) is required in order to be accepted to waive a University of Phoenix undergraduate-required course. Students transferring college-level course credits will be subject to all University of Phoenix admissions requirements. A transfer student will be subject to the terms of this Agreement and shall be governed by the graduation requirements set forth in the University of Phoenix catalog in effect at the time of the student's initial enrollment at University of Phoenix. However, the student must maintain continuous enrollment as defined in the University of Phoenix catalog. Students, from Colorado Community College System who are within 12 months of the completion of their associate's degree, may pre-apply to a University of Phoenix Baccalaureate program and upon acceptance will be granted access to the University of Phoenix Library Online Collection. Continued access to these services, following the 12-month period, will require students to be enrolled in University of Phoenix.

Services Provided to Colorado Community College System by University of Phoenix

University of Phoenix shall publish a Course Transfer Guide (CTG) in PDF file and in a CD format which will include course-by-course transfer categories for lower division general education and elective-categories courses. University of Phoenix shall provide a sample Program Transfer Guide (PTG) exemplifying how an associate's degree may transfer to a bachelor's degree offered at University of Phoenix. The PTG can be made available to students, faculty and advisors as Colorado Community College System deems fit. University of Phoenix will provide

sample program transfer guides for additional associate degree programs upon request and when reasonable to do so at University of Phoenix's sole discretion.

Identification of transfer student interests and program needs will be an ongoing process conducted in a good faith by appropriate personnel of both parties. These activities will include, but not be limited to, the announcements of academic and scholarship opportunities, campus visitations, and participation in activities meant to generate interest and involvement in student transfers.
