

At the request of the Colorado Division of Insurance, this is a notice of amendment to your certificate effective on your employer's renewal date on or after July 1, 2010.

(1) In the COVERED SERVICES section, the last paragraph under *Autism Services* is deleted and replaced with the following:

Treatment for Autism Spectrum Disorders must be prescribed or ordered by a licensed physician or licensed psychologist, and services must be provided by a Provider covered under this plan and licensed to provide those services. However, behavior training, behavior management, or applied behavior analysis services (whether provided directly or as part of therapeutic care), must be provided by an Autism Services Provider. Coverage of Autism Spectrum Disorders in this section is in addition to coverage provided for early intervention and congenital defects and birth abnormalities. Autism services and the autism Treatment Plan are subject to Utilization Review.

This amendment is intended to clarify that while behavior training, behavior management or applied behavior analysis (ABA) services must be provided by an "Autism Services Provider," other covered benefits for the treatment of autism (such as speech therapy, or prescription drugs, etc.) need not be provided by an Autism Services Provider. Instead they can be received from a "Provider" recognized under the certificate.

This amendment is part of and to be read in conjunction with your certificate. Keep this amendment inside your certificate. Should you have any questions, you may contact our Customer Service representatives at the toll-free number located on your membership identification card.
