BUSINESS & COMMERCE IMPACTS

In FY 2015-16, ACC’s total impact on the ACC Service Area economy was $337.3 million in added income, equal to 0.4% of the region’s GRP. This contribution that the college provides on its own is nearly as large as the entire Utilities industry in the region.

**ACC PAYROLL & EXPENSES SUPPORT LOCAL BUSINESSES**

- In FY 2015-16, ACC employed **706** full-time faculty, adjunct instructors, and staff, with an annual payroll of **$30.5 million**. Much of this was spent in the ACC Service Area to purchase groceries, clothing, and other household goods and services.

- The college is itself a buyer of goods and services and spent another **$17.3 million** to support its operations during the analysis year.

- The net impact of college payroll and expenses in the ACC Service Area was **$33.1 million** in added income. ACC construction expenditures added another **$657.7 thousand** in added income to the region in FY 2015-16.

**ACC TRAINING SUSTAINS A SKILLED WORKFORCE**

- Over the years, students have studied at ACC and entered or re-entered the workforce with newly-acquired skills. Today, thousands of former students are employed in the ACC Service Area.

- As students apply the skills they acquired at the college, they are rewarded with higher earnings. They also raise business profits through their increased productivity. These higher earnings and increased profits create even more earnings as they are spent in the region.

- In FY 2015-16, the impact of former ACC students on the regional economy amounted to **$287.3 million** in added income.

**ACC STUDENTS BOOST LOCAL SPENDING**

- Around **11%** of students attending ACC originated from outside the region. Some of these students relocated to the ACC Service Area and spent money on groceries, transportation, rent, and so on at regional businesses.

- In addition, a number of in-region students would have left the region for other education opportunities if not for the existence of ACC.

- The expenditures of these relocated and retained students added approximately **$16.3 million** in income to the region during the analysis year.
