THIS SECTION FOR APPOINTING AUTHORITY ONLY

Appointing authority, your input will be verified and approved by the human resources office before any items in these sections are accepted as official.

V. STAFF AUTHORITY

Some positions are delegated non-supervisory authority where agency management routinely relies on essential consultation when deciding broad, critical program or policy direction. These relatively rare and unique positions have a level of influence such that management decisions are **not** made without the position's essential advice and counsel, as demonstrated by direct impact and consequences of failure on agency mission, finances, productivity, and constituents. This authority **is not** a function of longevity, outstanding performance, or service as a resource by virtue of being the only position or most knowledgeable person in the unit who performs this work. Additional information or supplemental forms may be required, along with this section.

Check the applicable category of staff authority. A written endorsement or delegation from agency management (division director or equivalent, or higher) is required.

_____ **Staff Authority** directly influences department or campus-wide management decisions in programmatic areas of expertise. Staff authorities have a specialized level of expertise for the program that does not exist in any other unit, program, or assignment. Management and peers agency-wide regularly rely on the staff authority when considering program direction.

What major program area of expertise is the basis for staff authority designation?

Provide at least one example of where this position's guidance or recommendations resulted in the subsequent adoption of a new or revised program or policy direction that had programmatic impact on the entire agency.

_____ **Senior Authority** directly influences management decisions statewide. Senior authorities have a unique level of expertise that does not exist in any other agency.

What major program area of expertise is the basis for senior authority designation?

Provide at least one example of a strategy, guideline, rule, etc., where this position's findings resulted in the subsequent adoption of a new or revised program or policy that had programmatic impact in a different department(s).

_____ **Leading Authority** directly influences management decisions beyond State boundaries. Leading authorities have a rare level of expertise that does not exist in Colorado, and possibly other state governments. This position is recognized as a regional, national, or international expert.

What major program area of expertise is the basis for leading authority designation?

How is this position recognized as an expert regionally, nationally, or internationally?

Why does the agency and State of Colorado need this position to function as a leading authority?

The immediate supervisor is required to complete the General Knowledge, Skills, Abilities and Other Personal Characteristics Rating Sheet (KSAO's) and provide the relative KSAO's to the position being filled. In addition, the immediate supervisor must reference the KSAO's to related information documented on the Position Description Questionnaire (PDQ) and location of the relevant information to the KSAO's on the rating sheet. The supervisor is required to complete the:

IMP (Importance) - Use a scale of 1 - 5
DIFF (DIFFICULTY) – Use a scale of 1 - 5
LEVEL Of KSAO Needed Upon Hire - Use a scale of 1 - 5
Representative Tasks and Location on PDQ
IMP of Task Use a scale of 1-5

CCCS will complete the CRITICALITY.

KNOWLEDGE, SKILLS, ABILITIES AND OTHER PERSONAL CHARACTERISTICS INSTRUCTIONS:

Please provide a list of the knowledge, skills, abilities and other personal characteristics needed to do the tasks involved in the job under review. You must reference tasks from the PDQ and location of the task on the PDQ relative to the Knowledge, Skills, Abilities, and Other Personal Characteristics.

The column labeled **KSAOs** lists the knowledge, skills, abilities and other personal characteristics required for performance of the job under review. The column labeled **IMP of KSAO** contains Subject Matter Expert (SME) ratings of the importance of the knowledge, skill, ability or other personal characteristics to performing the job. Ratings are on a 1 to 5 scale with 1 representing KSAOs that are not relatively important to doing the job, where KSAOs rated 5 are the most important in performing the job.

The column labeled **DIFF to Learn** contains the SME's rating of the difficulty in learning or making a significant improvement in the knowledge, skill, ability or other personal characteristics as it applied on the job.

The column labeled **CRIT** contains the "criticality" measure obtained by multiplying the importance rating by the difficult rating. If a KSAO is important but easy to learn it would be considered not as critical to test for since it could be learned relatively easily on the job.

The column labeled **Level of KSAO Needed Upon Hire** contains the SME rating of the level of the KSAO that is needed at entry into the position to perform effectively on the job. These are rated on a 1 to 5 scale with 1 representing a relatively low level of the KSAO needed and 5 representing a knowledge, skill, ability, or other personal characteristic for which the successful candidate must possess a high degree of expertise upon hire into the position.

Representative tasks must be identified in the PDQ and transferred to the chart in order to demonstrate the need for specific knowledge, skill, ability and other personal characteristics in performing this job. The location of the tasks on the PDQ or supportive documentation must be indicated.

The column labeled **IMP of TASK** contains Subject Matter Expert (SME) ratings of the importance of the representative tasks to performing the job. Ratings are on a 1 to 5 scale with 1 representing tasks that are not very important to doing the job, where tasks rated 5 are the most important tasks performed in the job.

Here are some samples of common KSAO's, but is not all inclusive – you may add relevant KSAO's:
